

ECONODOT™

PRODUCTIVITY ACCELERATED

The EconoDot™ from Glue Dots International combines simplicity with affordability in a bench-top dispenser. Designed for both short and long term projects, in occasional or continuous use environments, the EconoDot makes adhesive application quick, easy and cost effective.

EASY TO USE

Lightweight design and small footprint allows The EconoDot™ to be quickly and easily moved from work station to work station. The EconoDot™ is easy to use. Simply press the item to nose plate, remove and GLUE DOTS™ advances.

ACCELERATE VERSATILITY

The EconoDot™ can accommodate almost any object, from regularly shaped items to irregularly shaped items. The EconoDot™ dispenses most GLUE DOTS™ adhesives, including Glue lines to a variety of materials and shapes.

THE RIGHT GLUE DOTS™ FOR THE JOB

Available in four adhesive tack levels and three profiles, there's a GLUE DOT™ for almost any application. In most cases, Super High Tack creates a permanent bond, while Low*, High and High Shear Tacks are considered removable. * Low Tack contains some oil, test absorbent surfaces for bleeding.

Profiles		
Low 0.5mm	Medium 1.0mm	High 2.0mm

PROFILES

Available in 3 profiles (thicknesses)
Standard Low Profile GLUE DOTS™ are thin and used for bonding level items. Medium and High Custom made Profiles are suited for irregular shaped objects or to bridge or create a gap.
